Property Description

This is a piece of jungle paradise located in the foothills of the Rio Savegre watershed above the small village of Silencio. This property is roughly 20 minutes from the paved coastal highway and about 30 minutes from Playa's Matapalo and Playa Linda to the south and Manuel Antonio / Quepos to the north. This 42.4 acre property is located on one of the many strong creeks that feed into the Rio Savegre. The Savegre River is one of the largest rivers in the southern zone of the country and offers year-round world-class sportfishing, white water rafting and kayaking. The land borders the creek along the western edge and has easy access to 2 fantastic waterfalls. From the creek leading up through the land, there are several areas suitable for building with ocean views looking west over the Pacific and the Manuel Antonio Quepos area, as well as white-water views looking out over the coastline all the way to Puntarenas.
