Property Description

We present this inviting two-story home, located in a private, gated community of only four residences, ensuring security and tranquility. Its design is distinguished by the spaciousness of its social areas: a living and dining room with access to two terraces, one covered with ceramic tile flooring, ideal for gatherings, and the other open-air, connecting to the lush, green garden. The property features three full bathrooms, two covered parking spaces, and room for two additional spaces. On the second floor, you'll find a wide hallway with wood floors, currently used as a workshop, but easily adaptable as a TV room or office. From here, you can access a breakfast nook with a balcony offering beautiful mountain views, followed by a large kitchen with a granite countertop, wood cabinetry, ample storage, a laundry room, a maid's quarters with a bathroom, and storage areas. The bedrooms offer comfort and abundant natural light: the master bedroom is spacious, with a walk-in closet and ensuite bathroom, while the secondary bedroom also features a closet and a full bathroom.
