Property Description

Excellent property located at the pinnacle of Manuel Antonio only minutes from Manuel Antonio National Park. This four acre parcel of land is a great opportunity as it has been priced for a quick sale and has a great amount of options for development. The property is located in an area of Manuel Antonio that does not have a zoning plan so the development is open for residential homes, condominiums, touristic construction, or as a large exclusive estate. The property has great views of the mountains to the east and ocean views towards Dominical as well as overlooking the town of Quepos.
