Property Description

NATURE & ECO-LOVERS ONLY! Check out this 100% off the grid cabin that feels deep in the jungle...but is actually less than 10 minutes from Ciudad Cortes! Running on a less than two-year old solar system, the electricity runs everything efficiently. Another very unique feature of the house is that it has a huge pool with filtered water, that comes straight from a spring! It contains 2 main floors with a kitchen, living room, 2 bedrooms and 2 bathrooms. The garage underneath is attached to another living space and additional bathroom that could be used as an Airbnb or a caretakers house. This huge property is quiet, private, and still only minutes to groceries, amenities, and a hospital. Wildlife at this cabin is unmatched!! Howler monkeys, white-face capuchin monkeys, spider monkeys, and squirrel monkeys frequently venture through this land, right next to the house! It's full of birds, including 3 different types of toucans, green parrots, and scarlet macaws, and a couple resident hawks.
