Property Description

This charming 2 bedroom home is located in the community of Lagunas, a 10 min drive from Playa Dominical, 5 min on a well-maintained gravel road, and 5 min on a paved road. The property is at approx 800 ft elevation which gives it great views and great breezes. This property shares a gated and paved driveway with the neighbor. The house is private and has great mountain views and a small ocean view looking out the valley back towards Dominical. On a clear day, you can catch a glimpse of the Osa Peninsula. It is a 2 story home. On the first floor, there is a covered parking area big enough for at least 2 cars plus a 4 wheeler or 2. There is also a huge garage/workshop that is currently used as a laundry room and for storage. Space is 1200 sq ft and could easily be converted into a separate apartment or a few more bedrooms. When you go through the front door and start to climb the stairs, you are treated to a beautiful mural.
