Property Description

Independent house with apartment. The house is on one level, the entrance has an electric gate, indoor parking for four vehicles and another one outdoors. It has a large cellar independent of the house. The house has a large dining room with the kitchen integrated into this space, beautiful wooden furniture and large windows. The rooms have a closet and are a good size. A full bathroom with shower and a spacious laundry room with a clothesline. At the back of the house there is a beautiful garden space with a beautiful view of the mountains. The apartment next to the house has an open space with a kitchen and a room with a bathroom. The entire property is mostly built in concrete, it also has a parallel street with a private gate that provides another exit to the main street.
