Property Description

Do you envision yourself living in a luxury community with access to pristine beaches, a property with an ocean view and a canopy of trees, and a close proximity to a quiet beach? It's time to get up and arrange a viewing to see how this "unicorn" is doing. A brand-new four-bedroom home with five bathrooms, Villa Miramar is situated in Hacienda Pinilla, one of Guanacaste's most prominent beach developments, in the private gated neighborhood of Lago de Palma Real. Just over 150 yards separate this villa from Palma Real's Playa Bonita, which is a stunning beach. The location of this villa is unbeatable. With a beautiful Spanish colonial architecture outside, Villa Miramar will surprise you with its modern and sleek interior design, couple with stainless steel appliances and high-end furniture, from top manufactures of the country. In the first floor you will find the living room, dining room and a beautiful chef's kitchen fully integrated, all of them with expansive views to the green areas and a forest that runs along one side of the property.
