Property Description

Located in El Barro, San Juan de Mata, Turrubares, this contemporary container home combines design, comfort, and sustainability in a peaceful rural setting with panoramic views of Turrubares Hill. Built on a 3,031 m² lot, the property is divided into two separate cadastral lots, each with electrical service and its own water supply, allowing for mixed use or future expansion. Lot 1 (857 m²) houses the main house, with a constructed area of 186 m² plus 153 m² of additional works: a deck, a 5x3 m pool, a pergola, a wine cellar, and an outdoor bathroom. Its design blends industrial and contemporary styles, using two 40-foot containers as a structural base, integrated with warm wood-like materials and large windows that flood the spaces with natural light. Inside, the home features two air-conditioned bedrooms, two full bathrooms with rain showers, an open-plan living room and kitchen, a breakfast nook, a laundry area, and a covered terrace with open views.
